## RENEW SOFTWARE ASSURANCE WITHOUT PENALTY

### Reinstatement Fees waived till March 31, 2022

Software Assurance (SWA) provides customers with confidence that their applications and platforms will be up-to-date and to provide technical assistance at a time of need. Especially in today's environment, NEC recognizes a customer's need to be able to fluidly adjust their operational structure which may require a system software update as well technical support.

Furthermore, with the release of UNIVERGE BLUE BRIDGE, customers can extend their on-premises phone system investment while enjoying expanded voice, video and chat collaboration, enhanced mobility, document backup and sharing capabilities delivered from the UNIVERGE BLUE Cloud!

In an effort to more easily facilitate access to these resources and capabilities for those customers that are not currently enrolled in the SWA program, **NEC is waiving SWA Reinstatement Fees from November 15, 2021 thru March 31<sup>st</sup>, 2022.**

With minimal investment and no reinstatement fees, you can now reinstate your customer into the SWA program and they may enjoy the full incentives associated with being an active SWA customer!
