BLACK BOX®

Global Systems Integration
Where People, Ideas, & Technology Converge

When you partner with Black Box, expect an optimal IT ecosystem in which you can thrive. A diverse, vendor-agnostic portfolio enables you to get the exact solution and results you need, regardless of the source. Our worldwide team can create, customize, and deliver IT solutions tailored for your specific applications everywhere you need them. Just as we've helped thousands of companies, we can help you improve customer and user experiences, mobilize people, enhance collaboration, increase productivity, raise building IQs, reduce costs, and safeguard the information — and people — flowing in and out of your enterprise.
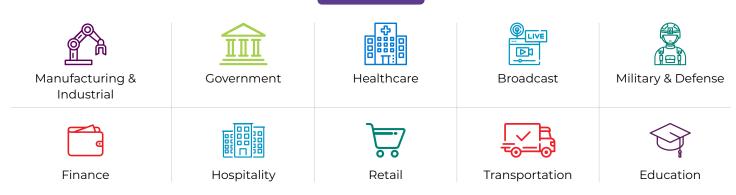

Company Profile

More than 8,000 clients worldwide trust our more than 45 years of experience connecting people, technology, and ideas to help them accelerate their digital transformation. Satisfied clients, including 100+ in the Fortune 500, count on our 3,200 worldwide team members operating 75 support centers in 150 countries, to drive their business innovation.

Think Global. Act Local.

When you partner with us, expect the best of both worlds: strategic global expertise executed locally. You can confidently expect and receive the same high level of service and the same high-quality solutions everywhere. You'll work with a partner that follows global best practices and processes but includes local experts well-versed in regional standards and regulations.

5G/Private LTE

With 5G and Private LTE, coupled with other networks, you can create a strategy that supports everything wireless — for your network now and well into the future.

Audio Video

Successful AV solutions harmonize in-room and remote collaboration experiences enabling everyone to discuss, present, and share ideas as one and with no barriers.

Carrier Services

Create a communications space with our cloud, connectivity, and colocation services that gives users agility and security and aligns business drivers for resiliency and efficiency.

Connected Buildings

Empower your space to be more: interactive, adaptive, and secure. Create interactive digital transformation spaces where people and devices communicate with ease.

Customer Experience

Reinventing the customer experience is a journey best taken with an expert guide to ensure business resiliency and to deliver exceptional, differentiated, and human connections.

Cybersecurity

Cyber threats are your biggest enemy. Fight back with our advanced services including 0 Day threat defense, active response, and integration with all Intel security partners.

Data Center

To meet demand for new and expanded data centers, IT leaders seek a partner with a global presence, dedicated BICSI-certified teams, proven processes, and talent management/retention programs.

Digital Workplace

With the right hybrid workplace tools, you can transform the way your employees work and collaborate, ensure business resiliency, and reinvent your workplace/spaces.

Enterprise Networking

Gain greater efficiency and ensure business continuity with a network that safeguards traffic and supports hundreds, even thousands, of remote workers and sites.

Global Multisite Deployments

Drive transformation across hundreds of sites around the globe with one trusted service provider to ensure timely, standardized IT across your enterprise and consistent, repeatable outcomes.

Managed IT Services

Close your IT talent gap with our IT teams for everything from day-to-day maintenance to on-demand services, staff augmentation, service desks, plus airport and financial services.

Managed UCaaS

Connect your team and ensure business resilience with the power of cloud-based anywhere communications including meetings, video, chat, phone, and much more.

Reimagined Workplace

Return and renew resiliently. Retooling and future-proofing our organizations through technology ensures we not only survive the next business disruption but thrive.

Structured Cabling

Whether you're building a new location, want to upgrade existing infrastructure, ensure 5G connectivity, or add smart technology, Black Box is the only partner you need.

Partners

With one of the broadest portfolios of partnerships in the industry, you'll get the solution that's right for you. We can support a single manufacturer solution, as well as cross-platform solutions.

ABOUT BLACK BOX

Black Box® is a trusted IT solutions provider delivering cutting-edge technology products and world-class consulting services to businesses across the globe in every industry. The breadth of our global reach and depth of our expertise accelerate customer success by bringing people, ideas, and technology together to solve real-world business problems.
