Independent Auditor's Report on Consolidated Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To the Board of Directors of AGC Networks Limited

- 1. We have audited the accompanying consolidated financial results of AGC Networks Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') for the year ended 31 March 2019, being submitted by the Holding Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Attention is drawn to Note 2 to the consolidated financial results which states that the figures for the quarter ended 31 March 2019 as reported in these consolidated financial results, are the balancing figures between audited consolidated figures in respect of the full financial year and the published consolidated year to date figures up to the end of the third quarter of the financial year. Also, the figures up to the end of the third quarter had only been reviewed and not subjected to audit. These consolidated financial results are based on the consolidated financial statements for the year ended 31 March 2019 prepared in accordance with the accounting principles generally accepted in India, including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 ('the Act') and published consolidated year to date figures up to the end of the third quarter of the financial year prepared in accordance with the recognition and measurement principles laid down in Ind AS 34, Interim Financial Reporting, specified under Section 133 of the Act, and SEBI Circular CIR/CFD/FAC/62/2016 dated 5 July 2016, which are the responsibility of the Holding Company's management. Our responsibility is to express an opinion on these consolidated financial results based on our audit of the consolidated financial statements for the year ended 31 March 2019 and our review of consolidated financial results for the nine-months period ended 31 December 2018.
- 2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our qualified opinion.

Independent Auditor's Report on Consolidated Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

3. As stated in Note 7 to the accompanying financial results, during the year ended 31 March 2015, the Company had recognised sale of a property, classified as fixed assets under previous GAAP, having carrying value of Rs. 0.74 crores, and recorded profit on such sale amounting to Rs. 40.85 crores (net of incidental selling expenses amounting to Rs. 3.04 crores). In our opinion, the significant risks and rewards of ownership of the said property were not transferred when such sale was recognised, and therefore, recognition of such sale and the accounting treatment followed by the Company were not in accordance with the principles of Indian Accounting Standard (Ind AS) 16, Property, Plant and Equipment.

Our report on the financial results for the quarter and year ended 31 March 2018 was also qualified in respect of the above matter.

During the current year, the said property was re-assigned to the Company by the buyer, and thereafter, significant risks and rewards in respect of the said property have been transferred to another buyer through a separate sale transaction for a consideration of Rs. 23.51 crores. However, instead of recognition of sale of this property in accordance with the principles of Ind AS 16, Property, Plant and Equipment, the Company has recorded only the differential amount between the said consideration and balance receivable amounting to Rs. 22.40 crores from the earlier incorrectly recognised sale, as profit on sale of property, plant and equipment.

Had the Company followed the principles of Ind AS 16, and corrected the aforementioned errors relating to incorrect recognition of sale, in earlier year, of the said property in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors, and subsequently recorded the sale of such property in the year ended 31 March 2019 as per the principles of Ind AS 16, exceptional item (income), representing gain on sale of property, plant and equipment, for the quarter and year ended 31 March 2019 would have been higher by Nil and Rs. 22.79 crores respectively (quarter ended 31 December 2018: Nil, quarter and year ended 31 March 2018: Nil) while depreciation expense for the quarter and year ended 31 March 2019 would have been higher by Nil and Rs. 0.02 crores respectively (quarter ended 31 December 2018: Nil, quarter ended 31 March 2018: Rs. 0.01 crores, year ended 31 March 2018: Rs. 0.04 crores). The balance consideration receivable from the buyer in the first sale transaction amounting to Rs. 22.40 crores would have been adjusted against opening balance of retained earnings as at 1 April 2017. The resulting impact on retained earnings as at 31 March 2019 would be Nil (31 March 2018: Rs. 37.58 crores).

Our report on the financial results for the quarter and nine-month period ended 31 December 2018 was also qualified in respect of the above matter.

- 4. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of other auditors on separate financial results and on other financial information of the subsidiaries, the consolidated financial results:
- (i) include the financial results for the year ended 31 March 2019, of the following entities:
 - a. AGC Networks Australia Pty Ltd
 - b. AGC Networks Pte. Ltd.
 - c. AGC Networks Inc. and its subsidiaries (consolidated)
 - d. AGC Networks Philippines, Inc.
 - e. AGC Networks and Cyber Solutions Limited
 - f. AGCN Solutions Pte. Limited

- 5. We did not audit the financial statements of one subsidiary, whose financial statements reflect total assets of Rs. 1,780.09 crores and net assets of Rs. 135.34 crores as at 31 March 2019, and total revenues of Rs. 1,030.95 crores for the year ended on that date, as considered in the consolidated financial results. Further, this subsidiary is located outside India whose financial statements and other financial information has been prepared in accordance with accounting principles generally accepted in its respective country and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of this subsidiary located outside India from accounting principles generally accepted in its respective country to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion, in so far as it relates to the financial information of this subsidiary located outside India, is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion on the consolidated financial results is not modified in respect of this matter with respect to our reliance on the work done by and the reports of the other auditors.

Notes on Segment information :

- 1 Further to the recent significant acquisitions in January 2019, the Board has reviewed the segmental presentation of financial information it requires to assess performance and allocate resources, it now considers a business activity focused reporting format to be more meaningful from a management forecasting perspective.
- 2 Assets and liabilities used in the Group's business are not identifiable to any of the reportable segments, as these are used interchangeably between segments. The management believes that it is currently not practicable to provide segment disclosures relating to total assets and liabilities since a meaningful segregation of the available data is onerous.
 - * These figures have been restated in line with new segmental classification.

	. Frequency of Qualification:	Auditor's qualification on annual audited financial results (consolidation) has been appearing from the year ended 31 March 2015 and has been updated for the year ended 31 March 2019 based on the facts mentioned under the qualification para and Auditor's qualification on the Internal Financial Controls in relation to that matter has been appearing from the year ended 31 March 2016.
6	l. For Audit Qualification (s) where the impact is quantified by the auditor, Management views:	During the year ended 31 March 2015, the Company entered into deed of assignment to transfer all the rights, title and obligations of its land and building situated at Gandhinagar to another company for a consideration of Rs. 44.63 Crores. During April 2015, the lender to whom these assets were provided as security provided its in-principal approval for the said transfer subject to fulfilment of conditions stated therein. The said transfer was pending approval from the relevant government authority and transfer of legal title that were considered to be procedural in nature. Accordingly, the Company had recognised profit on sale of property, plant and equipment of Rs. 40.85 crores (net of incidental expenses Rs. 3.04 crores) during the year ended 31 March 2015. During the current year, the said property was re-assigned to the name of the Company by the buyer since the buyer expressed it inability to get the aforementioned sale deed registered with the relevant government authority. Subsequently, the said property has been transferred to another buyer through a separate sale transaction for a consideration of Rs. 23.51 crores, and the Company has recorded the differential amount of Rs.1.11 crores between the said consideration and balance receivable from the earlier recognised sale, as profit on sale of property, plant and equipment. The amount of consideration already received amounting Rs. 22.23 crores from the erstwhile buyer is not required to be refunded by the Company. The entire transaction stands completed. Accordingly management believes that the Internal Financial Controls are operating effectively.

Independent Auditor's Report on Standalone Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To the Board of Directors of AGC Networks Limited

- 1. We have audited the accompanying standalone financial results of AGC Networks Limited ('the Company') for the year ended 31 March 2019, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Attention is drawn to Note 2 to the standalone financial results which states that the figures for the quarter ended 31 March 2019 as reported in these standalone financial results, are the balancing figures between audited standalone figures in respect of the full financial year and the published standalone year to date figures up to the end of the third quarter of the financial year. Also, the figures up to the end of the third quarter had only been reviewed and not subjected to audit. These standalone financial results are based on the standalone financial statements for the year ended 31 March 2019 prepared in accordance with the accounting principles generally accepted in India, including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 ('the Act') and published standalone year to date figures up to the end of the third quarter of the financial year prepared in accordance with the recognition and measurement principles laid down in Ind AS 34, Interim Financial Reporting, specified under Section 133 of the Act, and SEBI Circular CIR/CFD/FAC/62/2016 dated 5 July 2016, which are the responsibility of the Company's management. Our responsibility is to express an opinion on these standalone financial results based on our audit of the standalone financial statements for the year ended 31 March 2019 and our review of standalone financial results for the nine-month period ended 31 December 2018.
- 2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our qualified opinion.

AGC Networks Limited Independent Auditor's Report on Standalone Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

3. As stated in Note 7 to the accompanying financial results, during the year ended 31 March 2015, the Company had recognised sale of a property, classified as fixed assets under previous GAAP, having carrying value of Rs. 0.74 crores, and recorded profit on such sale amounting to Rs. 40.85 crores (net of incidental selling expenses amounting to Rs. 3.04 crores). In our opinion, the significant risks and rewards of ownership of the said property were not transferred when such sale was recognised, and therefore, recognition of such sale and the accounting treatment followed by the Company were not in accordance with the principles of Indian Accounting Standard (Ind AS) 16, Property, Plant and Equipment.

Our report on the financial results for the quarter and year ended 31 March 2018 was also qualified in respect of the above matter.

During the current year, the said property was re-assigned to the Company by the buyer, and thereafter, significant risks and rewards in respect of the said property have been transferred to another buyer through a separate sale transaction for a consideration of Rs. 23.51 crores. However, instead of recognition of sale of this property in accordance with the principles of Ind AS 16, Property, Plant and Equipment, the Company has recorded only the differential amount between the said consideration and balance receivable amounting to Rs. 22.40 crores from the earlier incorrectly recognised sale, as profit on sale of property, plant and equipment.

Had the Company followed the principles of Ind AS 16, and corrected the aforementioned errors relating to incorrect recognition of sale, in earlier year, of the said property in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors, and subsequently recorded the sale of such property in the year ended 31 March 2019 as per the principles of Ind AS 16, exceptional item (income), representing gain on sale of property, plant and equipment, for the quarter and year ended 31 March 2019 would have been higher by Nil and Rs. 22.79 crores respectively (quarter ended 31 December 2018: Nil, quarter and year ended 31 March 2018: Nil) while depreciation expense for the quarter and year ended 31 March 2019 would have been higher by Nil and Rs. 0.02 crores respectively (quarter ended 31 December 2018: Nil, quarter ended 31 March 2018: Rs. 0.01 crores, year ended 31 March 2018: Rs. 0.04 crores). The balance consideration receivable from the buyer in the first sale transaction amounting to Rs. 22.40 crores would have been adjusted against opening balance of retained earnings as at 1 April 2017. The resulting impact on retained earnings as at 31 March 2019 would be Nil (31 March 2018: Rs. 37.58 crores).

Our report on the financial results for the quarter and nine-month period ended 31 December 2018 was also qualified in respect of the above matter.

- 4. In our opinion and to the best of our information and according to the explanations given to us, the standalone financial results:
- (i) are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with SEBI Circular CIR/CFD/FAC/62/2016 dated 5 July 2016, in this regard except for the effects of the matter as described in paragraph 3; and

d.	For Audit Qualification (s) where the impact is quantified by the auditor, Management views:	During the year ended 31 March 2015, the Company entered into deed of assignment to transfer all the rights, title and obligations of its land and building situated at Gandhinagar to another company for a consideration of Rs. 44.63 Crores. During April 2015, the lender to whom these assets were provided as security provided its in-principal approval for the said transfer subject to fulfilment of conditions stated therein. The said transfer was pending approval from the relevant government authority and transfer of legal title that were considered to be procedural in nature. Accordingly, the Company had recognised profit on sale of property plant and equipment of Rs. 40.85 crores (net of incidental expenses Rs. 3.04 crores) during the year ended 31 March 2015. During the current year, the said property was re-assigned to the name of the Company by the buyer since the buyer expressed its inability to get the aforementioned sale deed registered with the relevant government authority. Subsequently, the said property has been transferred to another buyer through a separate sale transaction for a consideration of Rs. 23.51 crores, and the Company has recorded the differential amount of Rs.1.11 crores between the said consideration and balance receivable from the earlier recognised sale, as profit on sale of property, plant and equipment. The amount of consideration already received amounting Rs 22.23 crores from the erstwhile buyer is not required to be refunded by the Company. The entire transaction stands completed. Accordingly management believes that the Internal Financial Controls are operating effectively.
