The Growing Demand for UCaaS

The Next Decade
Greatly increased demand for cloud access for remote work, digital collaboration, disaster recovery, redundancy, and automation.

Cloud Conferencing and Collaboration
Due to COVID-19, businesses and individuals operating/working remotely are more likely to use a variety of cloud services to remain connected.

Online Meetings
While in lockdown, people are having more, larger online meetings. Meetings with over eight people increased by 14.4% in March 2020.

Remote Work is Here to Stay

74% of companies plan to permanently shift to more remote work post COVID.

2/3 of employees are working from home. The pre-pandemic average was approximately 7%.

63% of large firms ($1B+) plan to invest in employee communication/collaboration technologies.

Black Box Managed Services

From site surveys, cloud readiness assessments, UC & collaboration design, multisite deployments, installation & migration, to monitoring, remote configuration, service delivery management, and on-site staffing, Black Box offers the full range of services needed to be your trusted IT department and partner.
